Wrecking Ball - Miley Cyrus

[Verse 1]

We clawed, we chained our hearts in vain
We jumped, never asking why
We kissed, I fell under your spell
A love no one could deny

[Pre-Chorus]

Don't you ever say I just walked away
I will always want you
I can't live a lie, running for my life
I will always want you

[Chorus]

I came in like a wrecking ball
I never hit so hard in love
All I wanted was to break your walls
All you ever did was wreck me
Yeah, you, you wreck me

[Verse 2]

I put you high up in the sky
And now, you're not coming down

It slowly turned, you let me burn
And now, we're ashes on the ground

[Pre-Chorus]

Don't you ever say I just walked away

I will always want you

I can't live a lie, running for my life

I will always want you

[Chorus]

I came in like a wrecking ball

I never hit so hard in love

All I wanted was to break your walls

All you ever did was wreck me

I came in like a wrecking ball

Yeah, I just closed my eyes and swung

Left me crashing in a blazing fall

All you ever did was wreck me

Yeah, you, you wreck me

[Bridge]

I never meant to start a war

I just wanted you to let me in

And instead of using force

I guess I should've let you win

I never meant to start a war

I just wanted you to let me in

I guess I should've let you win

[Pre-Chorus]

Don't you ever say I just walked away

I will always want you

[Chorus]

I came in like a wrecking ball
I never hit so hard in love
All I wanted was to break your walls
All you ever did was wreck me
I came in like a wrecking ball
Yeah, I just closed my eyes and swung
Left me crashing in a blazing fall
All you ever did was wreck me
Yeah, you, you wreck me

[Outro]

Yeah, you, you wreck me

Cats ability to perceive

Cats possess heightened sensory abilities that allow them to perceive ultraviolet (UV) light, subtle movements, and heat signatures invisible to humans, frequently causing them to stare at "nothing". Their eyes contain a high number of rod cells for exceptional low-light vision and a wider field of view (200° vs. 180°), enabling them to detect, for instance, tiny insects or dust motes. Key Scientific Reasons for "Seeing the Unseen" UV Light Perception: Cats can see ultraviolet light, revealing patterns on surfaces, cleaning products, or, in the wild, urine trails from prey that are completely invisible to humans. Superior Night Vision: A structure called the tapetum lucidum acts as a mirror behind the retina, reflecting light to enhance vision in near-total darkness. Motion Detection: With a wider, 200° field of view and high-sensitivity motion detection, cats can pick up on minute, rapid movements, such as a distant spider or a shifting shadow, that human eyes miss. Environmental Sensitivity: Beyond sight, cats use whiskers to detect subtle air pressure changes and acute hearing to pick up ultrasonic frequencies, making them react to, for example, a faint hum of electronics or hidden insects. While often attributed to spirits or the supernatural in folklore, these behaviors are rooted in their evolution as apex predators, designed to notice every tiny change in their environment.

Islands In The Stream

[Verse 1: Kenny Rogers]

**Baby, when I met you there was peace unknown
I set out to get you, with a finetooth comb
I was soft inside
There was something going on**

[Verse 2: Kenny Rogers & Dolly Parton]

**You do something to me that I can't explain
Hold me closer and I feel no pain
Every beat of my heart
We got something going on**

[Pre-Chorus: Kenny Rogers, *Kenny Rogers & Dolly Parton*]

**Tender love is blind
It requires a dedication
All this love we feel needs no conversation
We ride it together, ah-ah
*Making love with each other, ah-ah***

[Chorus: Kenny Rogers & Dolly Parton]

Islands in the stream

**That is what we are
No one in between
How can we be wrong?
Sail away with me
To another world
And we rely on each other, ah-ah
From one lover to another, ah-ah**

[Verse 3: Dolly Parton]

I can't live without you if the love was gone

**Everything is nothing if you got no one
And you just walk in the night
Slowly losing sight of the real thing**

[Verse 4: Kenny Rogers & Dolly Parton]

But that won't happen to us and we got no doubt
Too deep in love and we got no way out
And the message is clear
This could be the year for the real thing

[Pre-Chorus: Dolly Parton, *Dolly Parton & Kenny Rogers*]

No more will you cry
Baby, I will hurt you never
We start and end as one
In love forever
We can ride it together, ah-ah
Making love with each other, ah-ah

[Chorus: Kenny Rogers & Dolly Parton]

Islands in the stream

That is what we are
No one in between
How can we be wrong?
Sail away with me
To another world
And we rely on each other, ah-ah
From one lover to another, ah-ah
[Interlude: Kenny Rogers & Dolly Parton]
Sail away
Oh, come sail away with me

[Chorus: Kenny Rogers & Dolly Parton]

Islands in the stream

That is what we are
No one in between
How can we be wrong?
Sail away with me
To another world
And we rely on each other, ah-ah
From one lover to another, ah-ah
Islands in the stream

That is what we are
No one in between
How can we be wrong?

**Sail away with me
To another world
And we rely on each other, ah-ah
From one lover to another, ah-ah
Islands in the stream**

**That is what we are
No one in between**
